

This is Mt. Tengu.

One star
in the Michelin
Green Guide
to Japan!

From here, you can view the sea and the mountains surrounding Otaru.

Mt. Tengu is a symbolic site in a prominent position overlooking the city of Otaru. It is possible to travel to Mt. Tengu from the centre of the city within about 15min. From the base of Mt. Tengu you can ride the ropeway gondola to the top station. From here you can see great panoramic views of Otaru City, Otaru Bay area, Ishikari Bay and, on a clear day, both Mt. Shosanbetsu and the Shakotan Peninsula. The top station is locally known to have one of 'the three most beautiful night views in Hokkaido'. On a clear night the sky is filled with stars twinkling like jewels. It certainly makes for an impressive site!
