1. 授業目的・方法(Course objective and method)

The objective of this course is to improve presentation, reading and writing skills in English, via reading an academic textbook and giving presentations. After student presentation of each chapter, presenters answer questions from classmates. At the end of the course, students will write a squib or a term paper relevant to the content and give class presentation on it. Each class starts with online quizzes based on each chapter, which requires pre-reading beforehand.

2. 達成目標(Course Goals)

Students will improve reading skills and learn academic vocabularies and terminologies. They will also learn presentation skills and discussion skills. Course takers also finish writing a paper in English by the end of the course.

3. 授業内容(Course contents)

Students will take turns in presenting a summary of each chapter.
For the last three weeks, students will orally present the content of the term paper.
