

4 Week Virtual Study Tour with UOW College

UOW
COLLEGE
AUSTRALIA

UOW College is delighted to be offering a four week Virtual study tour program. Students will be provided with opportunities to practice their English language skills in a fun, supportive and interactive online learning environment whilst learning all about Australian people and their culture.

This course is perfect for all students - from complete beginner to upper-intermediate level. Our experienced local teachers will provide a wide range of lessons aimed to develop all of the macro skills: speaking, listening, reading and writing.

Each day students will have the opportunity to learn about a new aspect of Australian culture; whether it be local food, sports, University life or the local landscape.

Many lessons will be taught live on location as we take students on virtual excursions around the Wollongong and the Sydney region. It's the best way to experience Australia without leaving home!
