Course Information

Online registration period for exchange students:

Monday, March 13th – Thursday, March 23th 2023 (noon / 12:00pm
Berlin-time)

<https://sam.hwr-berlin.de/en/>

Important Information

Minimum and maximum of courses per semester

- **Course maximum:** up to 32 hours/week or 40 ECTS
- **Course minimum:** 8 hours/week or 10 ECTS

Course registration

There will be an online registration period in the **S.A.M. portal** to enrol for classes between the 13th and 23th of March 2023 (noon, Berlin-time). Please make sure to register within this period, otherwise you won't be admitted.

++Please pay attention to teaching language & lecturer for choosing the right course group++

During the period February to March 2023 our study planning team (study-planning@hwr-berlin.de) will review the Learning Agreements you submitted and will contact you if there are any questions or changes required. Please be aware that enrolment in a particular course may be refused due to academic considerations and/or availability. Therefore, please check your email account (plus spam folder) regularly and respond promptly to any emails you receive from study-planning@hwr-berlin.de to avoid any issues or delays to the enrolment process.

Course level

We offer both first-stage and second-stage undergraduate courses. For second-stage courses as a rule you must fulfil certain prerequisites or have the equivalent knowledge in order to be accepted for this course. If you have already attended a first-stage course or equivalent at your home university you may not be admitted to the same first-stage course here, rather you should select a second-stage course instead. If there any specific circumstances which make it difficult for you to follow the rules above, please contact our study planning team via study-planning@hwr-berlin.de before you submit your Learning Agreement/select your preferred courses. For more details on first/second stage requirements please refer to the sections **First Stage/Second Stage** and **Course Selection** below.

Course admission

Applying for a course does not automatically mean you will be admitted. Please note that admittance is subject to availability. One of the reasons you may not be allocated a certain course is due to capacity constraints. In most cases you will be granted access to alternative courses or course groups (i.e. at a different time and/or with a different lecturer) of the same module. In this case you must attend the given alternative; otherwise you will not receive any ECTS or a grade. Please be aware that course admittance issues cannot be solved by lecturers nor can they help you register you for their courses.

Changing courses

Changing courses is only possible for academic reasons and time overlaps and must take place between 1 – 14 April via email to the International Office. You will also be able to delete any course(s) desired from 24th of April to the 5th of May online in your S.A.M. profile. Make sure to check with your home institution in advance as to whether they accept your alternative module choice(s).

Please discuss all changes concerning your timetable with the International Office. Getting permission from your lecturer to change a course is not sufficient!

Changes in date, time, and lecturer do not need to be changed in your learning agreement if it is the course you originally signed up for.

Examinations

Course admittance = exam registration. Not showing up at the exam automatically means you fail the course.

Assessment types

- **Klausur** (K = Klausur): a written exam during the exam period at the end of the semester.
- **Kombinierte Prüfung** (Ko = combined assessment): this type of assessment always consists of a written and an oral part i.e. a written exam and an oral exam. Other assessment forms include presentations, mid-terms, essays, thesis, etc. The weighting of the written part is between 40 - 80% and will be announced at the beginning of the course.
- **Mündliche Prüfung** (M = Mündlich): oral exam during the exam period at the end of the semester.
- **Studienleistung** (SL ~ Course achievement): this may be a test during class or a presentation. Sometimes there are no grades awarded, you will only know whether you passed or failed the course. If you do require a grade, please inform the lecturers well in advance so they can take this into account.
- **Hausarbeit** (H ~ essay): 15-20 pages assignment, 25-30 pages for *Themenfeld*.

Course Numbering Scheme

Some courses have two or more codes (IBMAN, BusAdmin, BA, e.g. **BUS**-M02-F01 and **IBMAN**-M01-F01) that both refer to the exact same module. There is **no difference** in terms of the scope, content and ECTS. This also means that your Learning Agreement does not have to be adjusted if you end up in the same course with a different code.

Here is a list of examples. You MAY NOT apply for two courses with the same module name:

Module Number BusAdmin/ BA	Module Number IBMAN	Module Name
BUS-M02-F01	IBMAN-M01-F01	Human Resources and Organisation
BUS-M04-F01	IBMAN-M03-F01	Marketing

Q Search

Studium Generale / General Studies

Studium Generale courses are worth between 0.5 – 2.5 ECTS, depending on the workload, regular participation and attendance of the exam. A list of available courses can be found at the bottom of this document and on the HWR Berlin [homepage](#).

Please note that these courses will not appear on your transcript, you will receive a separate certificate for them instead. You will need to request a certificate from the Studium Generale team at the end of the semester: studium.generale@hwr-berlin.de.

Language Courses

HWR Berlin also offers different business language courses, such as German, Chinese, French, and Spanish. The language courses usually take place 4 hours a week and you receive 5 ECTS for them. Find the list of all the available courses [here](#). You will be able to register for these courses in S.A.M.

First Stage/Second stage

Please consider the following when selecting your courses/preparing your Learning Agreements:

- For second stage courses you must fulfil certain prerequisites or have the equivalent knowledge. Please check the **Remarks** column for more information.
- First stage courses teach you basic knowledge on a certain topic. Although generally there are no prerequisites in order to apply for these courses, several basic courses are subject to admission restrictions. As a rule, you should not select a basic course if you have already attended a similar basic course at your home university.
- You should not attend a first-stage and second-stage course in the same subject during the same semester. Please check the section **Course Selection** for further information.

If there are any specific circumstances which make it difficult for you to follow the rules above, please contact our study planning team via study-planning@hwr-berlin.de before you submit your Learning Agreement/select your preferred courses.

Please only contact study-planning@hwr-berlin.de if you have questions regarding courses mentioned in the following section **Course Selection** or if you have already received an email from study-planning@hwr-berlin.de. For any other questions, e.g. regarding General Studies courses, German language courses or technical issues with the enrollment process please contact the International Office directly: internex@hwr-berlin.de.

Course Selection

The following table shows examples of basic courses and advanced courses in the same subject that should not both be attended during the same semester. This list is non-exhaustive and can be amended any time without prior notice. Please check the detailed module descriptions in campus4u in order to confirm whether a course is a basic course or advanced course.

Basic course	Advanced courses
Marketing	Product and Distribution Management Communication Strategies and Consumer Behaviour Seminar Selected Issues in Marketing
HR & Organisation	Organisational Design Organisation Behaviour in International Companies
Operations Management	Distribution Management and Transportation Production and Supply Management
Principles of Corporate Finance	Corporate Finance Financial Analysis and Valuation Capital Markets
Principles of Financial Accounting	International Business Accounting
Principles of Managerial Accounting	Group Accounting / Group Performance Measurement

If you are interested in a certain basic course, but you have already attended a similar basic course at your home university, please select one or more advanced courses in this subject or another basic course(s). It is possible to attend more than one advanced course in the same subject during one semester.

If you are interested in an advanced course but you have not attended a basic course yet, please select a basic course. Advanced courses are subject to prerequisites. You should have completed a basic course before you select an advanced course. **It is not possible to select a basic course and an advanced course in the same semester.** The courses IBMAN-M08-F01, International Management and BUS-M19-F01, Internationalisation of Economic Processes cover largely the same topics. Please select only one of them. Should you have questions regarding this please contact our study planning team via email: study-planning@hwr-berlin.de

Please note that the information and time slots provided in this document are subject to change without prior notice. The HWR Berlin reserves the right to modify its course offering at any point.
